

How to Order - Microbial Cultures

Microbial cultures included in the CAMB database are provided **free of charge for research purposes**.

Customers only cover **handling and packaging costs**:

- **Culture preparation:** 39 CZK per strain
- **Packaging*:** 407 CZK (abroad); 54 CZK (the Czech Republic and Slovakia)
* price depends on the number of ordered strains

If applicable, value-added tax (21 %) will be charged in addition.

1. Registration

- Cultures are available only to registered customers.
- Complete and send us the **Customer Account Form** to confirm your laboratory is properly equipped and authorized to work with biological material.

2. Placing an Order

- Send your order by e-mail to the designated contact person.
- For combined orders that include multiple specimen categories, send your purchase order to camb@sci.muni.cz.
- Please clearly state the **CAMB number(s)** of ordered strain(s).

3. Delivery

- Cultures are shipped in **active form on slant agar** via **courier service**.
- **Customers arrange and cover the shipping and customs fees themselves.**
- **Personal pickup from CCM** is possible only if the cultures are collected by the customer's official vehicle certified for transporting infectious material.

Important Notice

By accepting the cultures, the customer agrees to the conditions specified in the **Material Transfer Agreement (MTA)** and assumes full responsibility for handling the material in compliance with applicable laws and regulations.
