

How to Order - Environmental Samples

Environmental samples included in the CAMB database are provided **free of charge for research purposes**.

Customers only cover **packaging cost**:

- **Packaging:** 407 CZK (price depends on the number of ordered strains)

If applicable, value-added tax (21 %) will be charged in addition.

1. Registration

- Environmental samples are available only to registered customers.
- To register, please complete and send the **Customer Account Form** with your order.

2. Placing an Order

- Send your order by email to the ludek.sehnal@recetox.muni.cz.
- Please clearly state the **CAMB number(s)** of each ordered sample(s). Also, describe the purpose of the sample use.

3. Delivery

- Samples are shipped as a **freeze-dried biomass** via **courier service**.
- **Customers arrange and cover the shipping and customs fees themselves.**
- **Personal pickup of samples** is possible only if the cultures are collected by the customer's official vehicle certified for transporting infectious material.

Important Notice

By accepting the cultures, the customer agrees to the conditions specified in the **Material Transfer Agreement (MTA)** and assumes full responsibility for handling the material in compliance with applicable laws and regulations.
